

# Casualty Facultative Reinsurance

---

**We will entertain casualty** excess layers submitted through reinsurance intermediaries on behalf of ceding companies both national and regional in scope. All casualty lines will be considered with the exception of Workers Compensation and limited risk appetite for heavy automobile.

## Products and Coverage

- General Liability
- Products/Completed Operations Liability
- Owners & Contractors Protective Liability
- Liquor Law Liability
- Railroad Protective Liability
- Automobile Liability
- Professional Liability (Except Medical, Lawyers and Architects)
- Excess Liability
- Umbrella (Including Carve Outs)

## Target Classes or Types of Business

- As a facultative market, we attempt to offer some level of support for all the accounts we review. We expect that most of our umbrella participations will be in the lead layers and virtually all of it will attach within the first \$10 million of limit.

## Limits Available by Product and in Aggregate

- General Liability - Up to \$500,000 limit at a minimum attachment point of \$250,000. In the event of aggregate limit support, our minimum attachment point would be \$1,000,000 and we would offer a maximum limit of \$1,000,000.
- Auto Liability - Up to \$500,000 limit at a minimum attachment point of \$250,000. In the event of a trucking operation, our minimum attachment point would be \$1,000,000.
- Professional Liability - Claims made only up to a maximum limit of \$1,000,000 with a minimum attachment point of \$1,000,000.
- Umbrella - Up to \$2,500,000 limit with usage dependent on the attachment point requested.

Products are underwritten on behalf of Catlin Syndicate at Lloyds (2003) and Catlin Specialty Insurance Company. All Catlin companies have been assigned a Best rating of "A" (excellent).
